Coordination with other agencies is necessary to meet needs of eligible recipients.

Food Share program is serving a large number of residents and is held every third Thursday in the Senior Center parking lot.

Agency grant applications are being sent out and will be reviewed at the January COA and then sent to the Town Council.

CINDAY DANTON'S REPORT

Estelle Elliott will be moving to Lebanon and will continue to act as president of MSCA. The December bazaar held at the Senior Center was a big success in spite of the inclement weather. \$1200.00 was raised.

Cindy has reviewed the Emergency Preparedness booklet that was developed by Rolling Hills and printed out a condensed version that she distribute to committee members. She requested that everyone read and make suggestions for any changes to be discussed at our next meeting.

A review of the benefits of our upcoming self-assessment process and accreditation by the National Institute of Senior Centers was discussed with members by both Cindy and Pat. The self-assessment will include 9 standards. The first is "PURPOSE" and will be the starting point of the process. A committee of members with diverse backgrounds will be chosen to evaluate the Senior Center's ability to meet the needs of older adults in the community.

Meeting was adjourned at 10:20 am

Nest meeting will be held at the Senior Center on January 12, 2015
